*Grant award less than request. Original request with in (). #Actual flying maybe performed by a regional partner. @Target carriers are those specifically mentioned in the applications.

Complete grant applications can be found in the search box.

c airport's application. Don't enter the complete docket number listed for an airport in the search box.

Factoids: There were 75 grant applications filed in April from 37 states collectively seeking \$32 million. The grant program applied to the program. This year 18 applications failed to meet the basic selection criteria -- 16 of these because they were either their first air service or attempting to restore service that has been cut.
